GREASING AND CLEANING

www.alvagargrupo.com

COMPANY

ON VANGUARD FOR THE AUTOMOTION CHEMISTRY

The ALVAGAR has been dedicated for more than 30 years to the manufacture, packaging and sale of vanguard chemicals for the automotive sector nationally and internationally.

In recent years, we have incorporated this knowhow to the two-wheeled sector with the PODIUM brand, in order to offer the best solutions also in the world of cycling with AUTO-GAR® BIKE.

QUALITY POLICY AND CERTIFICATES

ALVAGAR GRUPO is accredited with the ISO 9001-2015 and ISO 14001-2015 regulations.

Our products comply with all quality control processes, with the sole purpose of providing confidence and solutions to all our customers.

EU MANUFACTURING

AUTO-GAR® products are manufactured in the European Union and comply with all the quality and safety certificates established by EU regulations.

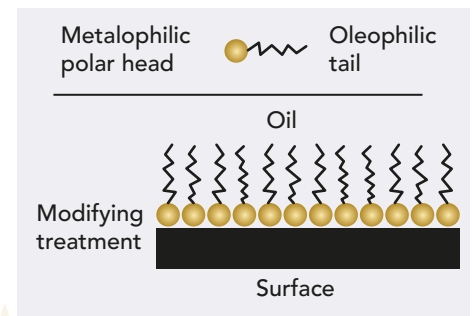

TMF 2000 TREATMENT, PATENTED PRODUCT

HIGH PERFORMANCE TREATMENT FOR GREASING AND LUBRICATION IN ALL TYPES OF BIKES

TMF 2000® is our star product. It is a friction modifying treatment, active on the surface, its molecules are associated to metal surfaces through their polar terminations, improving the friction coefficient and the efficiency of the lubricant.

Its metallophilic polar head and oleophilic tail guarantee its effect in in areas of extreme friction.

INTA CERTIFICATED

Instituto
Nacional
de Técnica
Aeroespacial

In addition, it is certified by the National Institute of Aerospace Technology (INTA) – Ministry of Defense of Spain. According to A.S.T.M. tests: D 2783-21 and D 2266-23.

OUR CLIENTS CHOOSE TMF 2000® FOR:

- Reduces friction between metal parts.
- Reduces wear (more than 70%).
- Eliminate all kind of noise produced by metallic friction.
- Extends the lifetime of the chain and transmission (4 times more).
- Reduces maintenance costs.

PROFESSIONAL LUBRICATION

LUBRICATION SYSTEM

NAME

DESCRIPTION

FORMAT

PB TMF 3000 G

CHAIN LUBRICATION OIL

- High performance oil, based on nanotechnology, formulated with our friction modifier treatment TMF 2000®.
- It reduces components wear by 90%.
- Great capacity to displace and repel contaminants such as: dust, water...
- Excellent results with a minimum and easy application.
- Great effectiveness especially in the transmission components, improving power and eliminating noises and squeaks.
- Excellent elastic capacity and smoothness in gear changes.
- Prevents chain breakage due to stiffness and lack of bending in extreme efforts.
- Optimal behavior on bikes: mountain, road, electric bikes, gravel...

Ref.	Format
13017	25 x 60 ml
13001	20 x 120 ml
13002	12 x 400 ml

PB TMF 3000 GR

HIGH PERFORMANCE GREASE

- High performance grease formulated with our friction modifier treatment TMF 2000®.
- Reduces wear between metallic parts more than 80%.
- Specific for assembly of components where high performance and minimal maintenance are required.
- Excellent sealing and lubricating power.
- We recommend its application in: bearings and anchors of head tube, wheel hubs, cables, teflon sleeves, bearings and friction points at the components in the flames.
- Excellent behavior at extreme temperatures and weather conditions.

Ref.	Format
13000	25 x 120 gr
13004	12 x 400 gr

PB TMF 3000 S

MULTIPURPOSE LUBRICANT IN SPRAY

- Multi-lubricant spray, with excellent anti-wear properties, formulated with our friction modifier treatment TMF 2000®.
- Totally displaces the accumulated water in the most sensitive components.
- Excellent lubricating properties in difficult access points: teflon bushings, sealed bearings, cable runs, diverter, seat posts, suspension bars, bottom bracket noises, pushbuttons, electrical battery connectors...
- Improves flexibility in the assembly and fit of new chains.
- Eliminates noise in all types of components produced by friction.
- It does not corrode or deteriorate surfaces: metal, plastic, carbon, vinyl, varnish...

Ref.	Format
13031	12 x 200 ml
13003	12 x 400 ml

LUBRICATION SYSTEM

	NAME	DESCRIPTION	FORMAT	
	PB 3001 G	- High performance dry lubricant formulated on a wax basis with our friction modifier treatment TMF 2000®, reduces wear more than 70%. - Designed for lubrication conditions with extreme demands. - Excellent moisture displacing properties, preventing seizure in chain links and corrosion. - High adhesion and fast drying lubricant. - Improves stiffness conditions giving elasticity and avoiding unpleasant friction noises. - Optimal behavior on bikes: mountain, road, electric bikes...	Ref.	Format
	SPECIAL WAX FOR CHAINS		13023	20 x 120 ml
	   			
	PB 3005 G	- Latest generation additive formulated with our friction modifier treatment TMF 2000® to improve suspension behaviors. - Improves suspension performance more than 70%. - Prevents the hissing of the oils in the pressure and the return of the compression. - Lubricates and protects all components and seals in the suspension, prolongs the life of the oil, extending maintenance. - Compatible with any brand and type of oils, applicable in all types of suspension bottles, wet and dry.	Ref.	Format
	ADDITIVES FOR HYDRAULIC SUSPENSIONS		13025	25 x 50 ml
	   			
	PB 3006 G	- Hydraulic oil formulated with our friction modifier treatment TMF 2000®. - Product developed to improve the feel and response of technical and extreme breaking. - Fully respectful of rubber and track seals. - Reduces overheating and the loss of viscosity of the fluid in pronounced breaking. - Eliminates brake lever flabbiness due to heating of brakes. - Excellent resistance to extreme temperatures, reducing ashes inside circuit and avoiding the clogging of the pistons due to contamination. - Displaces the ambient humidity in the hydraulic circuit (Hygroscopy) due to accumulation of H2O bubbles.	Ref.	Format
	MINERAL BRAKE LIQUID		13027 13026	20 x 120 ml 12 x 400 ml
	   			
	PB 3003 G	- Ceramic base 100% synthetic assembly paste formulated to adjust and seal carbon and aluminum components. - Eliminates annoying noises and squeaks in all types of fasteners. - Paste developed for all types of bottom bracket threads, steering boxes, adjustments points and tightening of the frame, seat posts, handle bars... - Excellent water displacement capacity, and very long durability, even in extreme conditions.	Ref.	Format
	SPECIAL ASSEMBLY PASTE OF CARBON		13028	1 x 200 gr
	  			

CLEANING AND DEGREASING

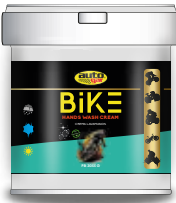

CLEANING AND CONSERVATION

NAME	DESCRIPTION	FORMAT	
 PB 3050 G BIODEGRADABLE GENERIC SUPER CLEANER    	- Concentrated cleaner developed for the continuous cleaning of frames and all types of components. - It does not attack or deteriorate paintings, carbon, vinyl... - Removes dirt of mud, dust, oil... - Neutral PH, free of solvents and corrosive products. - Does not contaminate brake systems with brake pads or discs. - Easy to remove after cleaning with water. - 100% biodegradable.	Ref.	Format
		13005	12 x 750 ml
		13006	4 x 5 L

 PB 3053 S DRY DEGREASER IN SPRAY   	- Powerful degreaser, fast-drying and residue 0. - Fast evaporation and excellent dirt carrying capacity. - Developed for cleaning components in reduced spaces without need of subsequent rinsing. - Ideal for quick degreasing of transmissions, gear changes, derailleurs and traces of greases and oils. - Optimal brake disc cleaner due to its degreasing properties and non-polluting.	Ref.	Format
		13007	12 x 500 ml

CLEANING AND CONSERVATION

NAME	DESCRIPTION	FORMAT						
 PB 3055 G BIODEGRADABLE HAND WASH CREAM  	- Soapy texture cream for cleaning and degreasing hands. - High effectiveness in small proportions. - Easy rinse. - Protects the skin due to its content in dermoprotective agents. - Does not contain caustic products or solvents. - 100% Biodegradable.	<table><tr><th>Ref.</th><th>Format</th></tr><tr><td>13008</td><td>1 kg</td></tr><tr><td>13009</td><td>4 x 4 kg</td></tr></table>	Ref.	Format	13008	1 kg	13009	4 x 4 kg
Ref.	Format							
13008	1 kg							
13009	4 x 4 kg							

PB 3054 S	- Treatment for general cleaning and polishing of the bicycle.	Ref.	Format
PROTECTOR Y ABRILLANTADOR SECO EN AEROSOL	- Product free of solvents and silicones of fast drying. - Ideal for cleaning and polishing of frames, plastics, leather, paints, tire rubber...	13010	12 x 400 ml
  	- Excellent behavior in carbon, nourishing and protecting the resins and fabrics of the fibers that it's made of. - Dust and water repellant, avoiding its adherence. - Ideal product for demanding cyclists with cleaning.

PB 3051 G

DEGREASER FOR TRANSMISSIONS

- Concentrated degreaser for cleaning extreme dirt.
- Specific for cleaning and degreasing metal components with a lot of adhering dirt, chains, gear sprocket, transmission plates, etc.
- Softens quickly all traces of greases and oils for subsequent rinsing with water.
- It does not damage or degrade plastic components, carbon, vinyls, paints...
- Does not contaminate brake discs.

Ref.

Format

13011	12 x 750 ml
13012	2 x 5 L
13015	25 L

PB 3052 G

WATER-BASE MULTIPURPOSE DEGREASER

- Professional concentrated water-based degreaser.
- Optimal performance in cleaning and degreasing of all types of dirt on chains, engine parts...
- Compatible with all kinds of materials.
- Spray the product on the surface to be cleaned, leave for several minutes, and rinse with pressurized water.
- 100% Biodegradable.
